

**Supplemental Table 1: Test of Proportions Between Study Iteration and Previous Iteration**

<b>Funding Cycle</b>	<b>Population</b>	<b>Smoking Cessation</b>	<b>P-value*</b>
January 2014 - June 2018	3,697	16.9%	0.003
July 2008 - June 2013	11,252**	14.9%	
Difference	-	2.0%	

\*Test of Proportions.

\*\*WISEWOMAN Program shifted programmatic focus from previous iteration to subsequent iterations and different recipients received funding. Both iterations prioritized smoking cessation.
