

**Supplemental Table 5. Ophthalmic pathology outcomes stratified by having both, only one, or none of the social risk factors**

	<b>Unstable Housing + Food Insecure (n=24)</b>	<b>Unstable Housing + Food Secure (n=12)</b>	<b>Stable Housing + Food Insecure (n=280)</b>	<b>Stable Housing + Food Secure (n=764)</b>	
Ophthalmic Pathology	# (%)	# (%)	# (%)	# (%)	P-value*
Un/under-corrected Refractive Error	7 (29.2)	2 (16.7)	18 (6.5)	60 (7.9)	0.3124
Visual Impairment	7 (29.2)	3 (25.0)	25 (8.9)	76 (10.0)	0.7318
Glaucoma	8 (33.3)	6 (50.0)	69 (24.8)	184 (24.1)	0.2875
Diabetic Retinopathy	1 (4.2)	1 (8.3)	25 (8.9)	52 (6.8)	0.4463
Cataract	0 (0.0)	2 (16.7)	13 (4.6)	43 (5.6)	0.9820
Macular Degeneration	1 (4.2)	0 (0.0)	6 (2.1)	15 (2.0)	0.9900

\*Interaction effect between unstable housing and food insecure in the logistic regression models, after adjusting for patient age.
